### **Statement from Bishop Robert E. Guglielmone Regarding the Extraordinary Synod of Bishops on the Family**

“The Diocese of Charleston is paying close attention to the discussions of the Extraordinary Synod of Bishops on the Family occurring at the Vatican. The Catholic Church has always upheld the dignity of every human person, including people with same sex attraction, divorced men and women, and cohabitating couples. Once the final Synod report is released, we will take the document’s conclusions to heart as we pastorally reach out to people in a manner that is consistent with Church teachings.”
