Dear Parent and Student,

We are thankful that your family is considering application for the Diocese of Charleston Youth Evangelization Team. We say “your family” because this is a family decision and we hope that your family discusses the following before sending in the application. Parents, after discussing this decision with your teen applicant, please fill out the parent form that follows. We ask that you are honest in your answers, in order to help our committee make the most informed decision possible.

First, let me take this opportunity to explain what the Diocesan Evangelization Team is. The team is compiled of high school students from across the state who are on fire for the Lord, as well as a team of adults who lead the team with the Holy Spirit in their hearts! The purpose of the team is to share God’s love with the youth in our state. We do this through offering retreats and conferences to Jr. High and High school students. During these events, the team does tasks such as performing dramas to stimulate discussion about life issues the participants may be facing, leading small group discussions based on God’s Word and Catholic teachings, sharing about their own personal relationship with Jesus, along with a variety of other tasks.

Now that you know more about the team itself, the next thing I would like to share with you is the type of member our committee looks for to be on the team. First and foremost, each member must have a personal relationship with Christ and strengthen this relationship with daily prayer. Prayer is the most important part of this team, for without knowing the Lord personally we simply cannot tell others about His amazing love. A team member should be a person who abides by the Catholic Church and Her teachings, including placing the sacraments at the center of his or her faith life. Attending mass weekly and confession regularly are two very vital aspects of this. At the beginning of the year, each member must sign a covenant agreeing not to smoke, drink alcohol, use profanity, engage in pre-marital sex, attend parties with alcohol present, and any other activity the team agrees upon, that could hurt a member’s witness.

A critical part of the team are the monthly meetings. During these meetings the team prepares for the events that we are offering to the youth. We cannot be a team and cannot put on these events if we do not meet regularly! Each member must be at each meeting in Columbia. Only one meeting can be missed, and this one cannot be a mandatory meeting. The meeting dates are set at the beginning of the year, and therefore the members have ample time to make necessary arrangements to be at each meeting. It is understandable if a family incident occurs, of course, we can make arrangements as need be. Please understand that it is your responsibility to make sure that your teen has transportation to the meetings. Please do whatever is necessary to arrange this ahead of time. This is not the team’s or youth minister’s obligation – it is the family’s duty to get the team member to Columbia. Being on this team demands time, including giving up weekends each month to attend meetings and completing tasks outside of the meetings. Please discuss this commitment to see whether or not the applicant has the time available to make this commitment.
