BOOT CAMP

*For First-Year
Youth Ministers*

**August
30-31**

WHAT IS BOOT CAMP?

The two-day training is for new youth leaders and those almost new who face this new position without a lot of training or experience. The main goal of this training is to help youth leaders build a strong foundation for their ministry, and to help avoid the many pitfalls that those in youth ministry face.

When we first developed the boot camp it was only a one-day training. We soon realized that we had so much information we had to cover that we decided to make it a two-day training. In order to help keep the cost down, we will have the training at the chancery, we will pick up your one night of lodging and we will provide most of your meals for the training.

The cost for the two-day training is \$75 per person. The resources that will be given away are more than what you will be paying for this training. If you are new, almost new, or want an update on your ministry – don't miss this two-day training.

He is calling you.
