

FertilityCare Services Limited Education Programs

FertilityCare Practitioner Education Program:

Simpsonville, South Carolina
- Application Deadline: September 5th

Education Phase I - October 5-12, 2024
Education Phase II - April 4-9, 2025

PROGRAM PURPOSE is to prepare those who wish to provide Creighton Model FertilityCare System with the training necessary to deliver the highest quality of services as a FertilityCare Practitioner.

THE PROGRAM is a 13-month course of study incorporating two classroom instruction phases and supervised teaching experience. You will learn how to:

- * Assist couples to achieve or avoid pregnancy through the use of the Creighton Model FertilityCare System and assist Medical Consultants who practice NaProTechnology.
- * Assist in monitoring gynecologic and reproductive conditions while being consistent with the teachings of the Catholic Church.
- * Empower single women to monitor and appreciate the gift of their fertility.

PROGRAM ACCREDITATION comes from the American Academy of FertilityCare Professionals and the program adheres to the Academy's Code of Ethics.

APPLICANTS should contact the Program Director listed below for application and program materials.
