How is the parish Catholic Appeal of SC target determined?
 It is an objective formula based on the parish's annual assessable income to the diocese. Each parish is assigned a percentage, or fair share, of the overall CASC \$5,500,000 goal as their CASC parish target. The CASC goal percentage is the same percentage as the parish's annual assessment percentage. For example, if a parish's annual diocesan assessment represents 1% of the total overall diocesan assessment amount, then the CASC target will represent 1% of the \$5,500,000 overall goal.

Assessment Percentage = Parish annual assessment amount/Overall Diocesan Assessment Amount

Assessment Percentage X \$5,500,000 = 2026 Parish CASC Target Goal

CASC parish targets are not assessed. The only requirement is that each parish carry out a **good faith effort** in promoting the appeal plan, which includes lay witness talk, showing the CASC video, pastor's regular announcement, and weekly bulletin inserts.
