

VOTUM CONCERNING EXTRAORDINARY ACTS

OF

FOR CONSTRUCTION

I, _____,
a member of the Parish Finance Council of the above named Parish/School have heard the
Pastor/Principal concerning the extraordinary act of entering into a contract for

for the expenditure of \$ _____. This includes approval of any easements,
encumbrances, encroachments and/or utility requirements required during the project.

The project will require a loan from the diocesan Deposit and Loan in the amount of up to
\$ _____ during construction with amortization over _____ years. The difference
between the construction contract and the loan amount will be paid from _____.

Pledges to be collected from the campaign are expected to pay the loan payments which will be
interest only until the certificate of occupancy is received. Any residual interest and principal not
covered by these income sources will be the responsibility of the Parish to pay off via additional
fundraising or with the help of operational funds of the parish.

During the discussion, I expressed my opinion

_____ *in favor*

_____ *not in favor*

of the extraordinary act.
