What Christians need to know about NFP

By the Archdiocese of St. Louis NFP, archstl.org/natural-family-planning

Natural Family Planning (NFP) is the loving choice that respects women, respects marriage, and respects God. Here is what you need to know about why NFP is good for life:

1. MIND — *NFP is the smart choice*

- It allows you and your spouse to plan when and how many children to have, and it is highly effective whether you are trying to avoid or achieve pregnancy.
- NFP fosters strong communication between spouses. Couples develop a profound reverence and understanding of their combined fertility.

2. BODY — *NFP is the healthy choice*

- It cooperates with the natural cycle that God has given a woman without exposing her to harmful chemicals or toxins as with some methods of birth control.
- Because it doesn't mask symptoms, it can help reveal common issues including PMS (premenstrual syndrome); PCOS (polycystic ovarian syndrome); endometriosis; irregular bleeding; recurrent miscarriage; post-contraception side effects.
- It can help overcome infertility, naturally, morally, and less expensively than treatments like IVF, IUI or other reproductive technologies.
- It is useful in every phase of a woman's life: teen, single (religious or unmarried), married, pre-/post- conception, while breastfeeding, and pre-menopausal.

3. SOUL — *NFP is the moral choice*

- Just as it has no dangerous side effects, it has no dangerous soul effects, when used correctly. Couples can be responsible in family planning without being ensnared in the moral complications of contraception
