General Intercessions (Prayers of the Faithful) for Caregivers

Simplest Ways to Include Caregivers to the General Intercessions

- Add "and for their caregivers" during Mass Intentions when praying for parishioners who are ill, elderly or disabled
- Add "and for their caregivers" to the bulletin announcements listing the names of those asking for prayers from the parish

- For those caregivers who suffer from isolation and loneliness as they care for another, may the light of God's presence fill them with hope and consolation along with knowledge that they are not alone
